SUMMARY

Hello! I'm Shivam Kumar, an entry-level web developer with a B.Tech in Computer Science and Engineering. I have 1 year of experience in JavaScript, React, MongoDB, CSS (including Tailwind), HTML5, Java, Node.js, and Firebase Console. I am passionate about Full Stack Development and have completed several projects, including Native Android Development. I excel in team coordination and leadership, and I have a proven ability to create reusable components for enterprise-level web applications. I am dedicated to technology and building scalable web solutions. Let's build something great together!
